Meritus

Health Insurance Marketplace

RXBIN: 004336
RXPCN: ADV
RXGRP: RX1264

CVS/caremark administers the prescription benefits for the Health Insurance Marketplace plan offered by **Meritus**. **RXGRP: RX1264** will appear on all member ID cards. RXGRPs: RX1265, RX1266, and RX1267 will also be active. The following information will assist your pharmacy in submitting claims for this plan sponsor.

Please note: A change to Meritus plan members' formulary will occur within approximately the next 60 days. These changes may affect your patients who have prescription drug coverage through Meritus.

Prescription benefit change

Starting **January 1, 2015**, coverage of some medications may change under the Meritus prescription benefit. Based on these changes, some medications may no longer be covered by the plan or may require additional prescriber action to be covered.

Please visit the Meritus Formulary website for more details on the new list of covered medications:
www.meritusaz.com/formulary.

Follow these next steps:

1. Speak with your patients about their covered medication options and how this change in benefit may affect them if they continue to use their existing medication(s).
Remember that generic medicines typically have the lowest copay* on your patient's benefit plan.
2. Have the prescriber call in, fax, or e-prescribe a new prescription for a covered medication,

We understand that many factors are considered when a medication is prescribed for a patient, and that the patient may need to request prior authorization or exception for medical necessity. For more information on these options, please contact CVS/caremark toll-free at 1-855-582-2022.
