Pharmacies must comply with lots of regulations from many different state and federal agencies. The frequency of audits and the amount of fines for non-compliance are increasing. The time and effort to set up policies & procedures along with training programs to comply with those regulations, and to keep track of any changes to the laws, is overwhelming...unless you let **COMPLIANCE***Track* do it for you.

COMPLIANCE*Track* is the pharmacy industry's only complete compliance package, easily accessed online and always up to date. Designed to make compliance, risk management, and government audits easier, less costly, and much more efficient; **COMPLIANCE***Track* gives you peace of mind.

Each program on the **COMPLIANCE***Track* platform provides:

- ✓ Policies and Procedures *required* for Compliance
- ✓ E-Learning online employee training and tracking
- ✓ Enter employee info once to populate all programs
- ✓ Each program has the identical format for an easy learning process
- ✓ A step by step action plan to implement the program and meet standards
- ✓ Automatically updated as laws change
- ✓ Designed by pharmacy owners for pharmacy owners
- ✓ Industry leading customer service with a dedicated team of Compliance Specialists as your primary contacts

What is Included?

HIPAATrack	HIPAATrack is a web-based program that is the simplest, most cost effective way to comply with the most recent changes to HIPAA Compliance Rules, enforceable as of September 23, 2013.	\$332
FWATrack	All pharmacies are required to have implemented a Compliance Program, including Fraud, Waste, and Abuse Training and a Code of Conduct and Ethics. PRS Pharmacy Services developed a complete Compliance Program designed to meet this requirement. PRS has continually updated the program, and now, as a web-based, integral part of COMPLIANCETrack , with many enhancements and bonus features, it is easier than ever.	\$177
EXCLUSIONTrack	The government maintains lists of persons excluded from federally funded programs. Under revised Fraud, Waste, and Abuse rules, pharmacies are required to check all employees against these lists monthly. EXCLUSIONTrack automatically performs monthly checks of the SAM and OIG exclusion lists and sends you the results via email, saving you both time and money.	\$133
LICENSETrack	This program allows you to track expiration and renewal dates in one, online location and will notify you of facility or employee licenses and certifications expiration dates with plenty of time to renew.	\$117
OSHATrack	Since 2009, OSHA has been working to update its Hazard Communication Standard, and the first set of changes went into effect on December 1, 2013 when all employees need to be trained on the new label and safety data sheet requirements on hazardous chemicals. OSHATrack will bring you up to date on the new Hazard Communication Standard and keep you informed as the Standard is implemented over the next few years.	\$199
QATrack	All Medicare Part D plans require pharmacies to have a quality assurance (QA) program. The majority of state pharmacy boards requires your pharmacy manager or pharmacist-in-charge to maintain your QA program. And, many third party insurances insist you have a QA program. QATrack is a complete web-based program that assures your pharmacy meets the requirements of all your payors. QATrack is customized for those states that have specific requirements.	\$97
Retail Operations Manual	(CD BASED) is a collection of state and federal good business practices to help your pharmacy operation run more smoothly. (State Specific Additional Cost)	\$369
EMPLOYEETrack	Keep your pharmacy staff working smoothly and effectively with EMPLOYEETrack , PRS's Online Pharmacy Employee Handbook. This program helps you to organize your pharmacy operations and establish clear communication between you and your staff.	\$149
PSETrack and Logbook	Our online program that gives you the tools to comply with Combat Methamphetamine Epidemic Act.	\$134
VERI*I-9Track	The US Citizenship and Immigration Services (USCIS) requires all employers to retain a completed I-9 form for each employee. This program gives you the rules and the tools for collecting, documenting, destroying (when appropriate), and auditing these I-9 forms.	\$109
TECHTrack	There are federal and state-specific rules you and your pharmacy techs must follow. TECHTrack gives you the policies and procedures to ensure your pharmacy has an adequate ratio of pharmacists to technician, your techs are licensed, and they understand which tasks they can and cannot perform.	\$134
DRUGSUPPLYTrack	A program that will assist pharmacies to comply with the Dispenser requirements of the Drug Supply Chain and Safety Act Section within the Drug Quality and Security Act of 2013.	\$179

Available Add ons:

AUDITTrack	This online program that provides the complete audit solution for independent pharmacies and provides step-by-step assistance when a pharmacy is experiencing an audit.	\$399
IMMUTrack	This online program designed to walk you through the process of setting up an efficient, effective and safe immunization program in your pharmacy.	\$447 for the first year. \$200/year after or \$22/month
MEDBTrack	Designed to help Pharmacies comply with the Medicare Supplier Standards and documentation requirements. Whether your Pharmacy has exempted from the Medicare DMEPOS Accreditation requirement or you are only billing Medicare Part B for Drugs and Biologicals, you must be in compliance with the Medicare supplier standards and the documentation requirements	\$240/year or \$20/month
